CS621 Spring 2019 Progress Report 1

Team Name: 418 Teapot

Team Members:

1. Kei Fukutani
2. Domingo Huang
3. Tae Hyon Lee

Milestones	Status	Team Members	Expected Completion Date	Actual Completion Date
Read ns3 documentation	In progress	Kei, Domingo, Tae		
Initialize and setup code	In progress	Domingo	2/17	
Gather resources online for reference and examples	In Progress	Kei	2/17	
Write progress report	Completed	Tae	2/14	2/14
Start design document	To do	Tae	2/17	
Write Usage Manual	To do	Tae	3/7	
Write report	To do	Domingo, Kei, Tae	5/15	
Implement compression link	To do		2/24	
Make compression detection application	To do		3/1	
Simulation Verification Validation	To do		3/2	

List your major challenges so far, if any.

1. Figure out how to observe ASCII trace and pcap trace.
2. Build a develop file system base on the request-response example.
3. A large amount of code is needed to read and understand.
